Hi Dana,

Here are a few Drone shots from Tecumseh Rd W and Huron Church. The blockade is on the south side of Tecumseh, facing north.

More photos of College and Wyandotte to come as I get them.

As I was about to send this, Tecumseh is starting to move as the protesters are moving to the inner perimeter that we have. They appear to be slowly clearing that area but still working on it.

Hello Chief Patterson and team,
As discussed earlier, Supt. Dana Earley will be heading to Windsor as the CIC at the bridge.
She will need some assistance with tow trucks and MTO names who can assist as needed and embedded into the plan.
Kirk, if you could work with Supt. Earley through the EOC that would be very helpful since you have all of the MTO contacts and can make this happen.

As discussed on the call at 830 pm tonight – along with the request for 100 uniform officers for front line, the OPP needs a section of POU that will assist in Windsor. We have been mustering up our second section (as one is in Ottawa) for the past two days so we should have this already in the works. We will be augmented by Waterloo and perhaps a combined team with waterloo and another agency.

For all – Supt Earley's cell # is [redacted]

Chief Thompson, FYSA – the HSD team may be required as well in Windsor or to assist with West region as required.

Thanks

Hi Dana,

Once you have time to digest things from your call with Windsor and Waterloo can you do up a brief situational awareness for Windsor as to status. The Commissioner has to brief the Secretary of Cabinet tomorrow morning at 730 and will brief on Windsor, Sarnia, Niagara, Ottawa and Fort Frances. Just looking for high level status of Windsor.
Also can you confirm as I thought I heard on our call that they have all the trucks off the bridge? Or are there still trucks on the bridge?

Thanks

Hello Deputy Harkins and Deputy DiMarco,

I apologize for the late email.
I just finished my calls in regards to making arrangements for the detail and attempting to sort out the situation in Windsor.

Here is a summary for your review and to share with the Commissioner:

- 200-250 people in attendance
- 150-200 vehicles, majority are passenger cars and pickup trucks, only 5 tractor trailers are present
- Protestors have an area approximately 3-4km in length on Huron Church (from Wyandott to Tecumseh)
- They occupy 2 out of the 3 southbound lanes, the third is being left open for emergency vehicles
- 1 male party was arrested this evening for dangerous drive after he jumped the median from the n/b lanes in an attempt to join the protestors
- Crowd became very agitated after the arrest and expanded the area they were occupying
- Some have threatened that they will travel to Windsor Police Headquarters and block entry/exit to HQ
- Crowd is very unorganized and disjointed, extremely hard to negotiate with
- All vehicles have been removed from the bridge. Entry into Canada remains blocked, entry into the US is open.

S/Sgt Smith will be at the CP tonight and providing me sit reps. I will travel with my scribe tomorrow morning to the CP and remain in Windsor.
S/Sgt Gauvin will be confirming POU numbers for me by tomorrow morning. I am still looking for a POU Commander.

See email from Deputy DiMarco below, specifically the 3rd paragraph and advise if you feel it is possible to increase regional Mobilization and call outs for OT to increase our uniform member numbers tomorrow and possibly tomorrow night until relief from outside Region. Someone in CP tonight could be tasked with coordinating with OPS Managers for call outs for OT.

I will await your thoughts before responding

Hello Chris and Dwight,

We are still crunching numbers and I spoke to Chris and Commissioner about possibly cancelling time off (not vacation) which may be something we have to do for next week – giving some notice.

Commissioner asked if there has been given consideration to discretionary time in WR (since they are closest to Windsor and need 100 for days tomorrow /then 100 nights) . It may not be many but even 10 on floater or other discretionary may help us.

Dwight, he also asked if there is a possibility for you to decrease your detachment strength for tomorrow day shift (going to your low target numbers) and put those people in Windsor until others arrive – as they will be rolling tonight and tomorrow I am sure. He is okay with stacking calls in order to get more into Windsor vs. having them in detachment.

For your consideration and information back to Stephanie and Chuck.

Thanks very much,
Rose

We are good for numbers tonight in Windsor.

We would like to have 20 deployed for day shift
40 for night shift. Tomorrow.
And 100 for days/nights on Saturday moving forward.

We will be able to provide more information on the numbers received here in the morning.

Hello Chief Patterson and team,
As discussed earlier, Supt. Dana Earley will be heading to Windsor as the CIC at the bridge.
She will need some assistance with tow trucks and MTO names who can assist as needed and embedded into the plan.
Kirk, if you could work with Supt. Earley through the EOC that would be very helpful since you have all of the MTO contacts and can make this happen.

As discussed on the call at 830 pm tonight – along with the request for 100 uniform officers for front line, the OPP needs a section of POU that will assist in Windsor. We have been mustering up our second section (as one is in Ottawa) for the past two days so we should have this already in the works. We will be augmented by Waterloo and perhaps a combined team with waterloo and another agency.

For all – Supt Earley's cell # is [redacted]

Chief Thompson, FYSA – the HSD team may be required as well in Windsor or to assist with West region as required.

Thanks

Once you have time to digest things from your call with Windsor and Waterloo can you do up a brief situational awareness for Windsor as to status. The Commissioner has to brief the Secretary of Cabinet tomorrow morning at 730 and will brief on Windsor, Sarnia, Niagara, Ottawa and Fort Frances. Just looking for high level status of Windsor.
Also can you confirm as I thought I heard on our call that they have all the trucks off the bridge? Or are there still trucks on the bridge?

Hello Deputy Harkins and Deputy DiMarco,

I apologize for the late email.
I just finished my calls in regards to making arrangements for the detail and attempting to sort out the situation in Windsor.

Here is a summary for your review and to share with the Commissioner:

- 200-250 people in attendance
- 150-200 vehicles, majority are passenger cars and pickup trucks, only 5 tractor trailers are present
- Protestors have an area approximately 3-4km in length on Huron Church (from Wyandott to Tecumseh)
- They occupy 2 out of the 3 southbound lanes, the third is being left open for emergency vehicles
- 1 male party was arrested this evening for dangerous drive after he jumped the median from the n/b lanes in an attempt to join the protestors
- Crowd became very agitated after the arrest and expanded the area they were occupying
- Some have threatened that they will travel to Windsor Police Headquarters and block entry/exit to HQ
- Crowd is very unorganized and disjointed, extremely hard to negotiate with
- All vehicles have been removed from the bridge. Entry into Canada remains blocked, entry into the US is open.

S/Sgt Smith will be at the CP tonight and providing me sit reps. I will travel with my scribe tomorrow morning to the CP and remain in Windsor.
S/Sgt Gauvin will be confirming POU numbers for me by tomorrow morning. I am still looking for a POU Commander. WRPS will be sending a POU section tomorrow as well as Hamilton PD and will arrive in the afternoon. I have been advised by both WRPD and Hamilton that their services are required in Toronto Saturday morning so they will be leaving Windsor by Friday afternoon.

Please let me know if you have any questions or concerns.

Hi Dana,

Here are a few Drone shots from Tecumseh Rd W and Huron Church. The blockade is on the south side of Tecumseh, facing north.

More photos of College and Wyandotte to come as I get them.

As I was about to send this, Tecumseh is starting to move as the protesters are moving to the inner perimeter that we have. They appear to be slowly clearing that area but still working on it.

Good afternoon,

Below are the members scheduled to be deployed to Ottawa for February 12-19, 2022.

Due to ongoing events in West Region, Regional Command is asking that **the members below stand by and not immediately deploy to Ottawa** at this time as they may be needed as a resource in West Region instead of Ottawa.

Ops Managers are requested to ensure that the members listed below from their detachment are contacted personally and advised to stand by at this time.

Further information and joining instructions will follow once the deployment location is finalized:

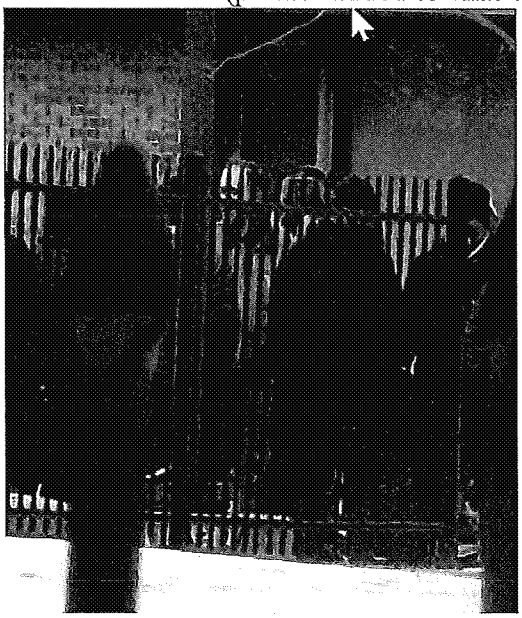
Observations:

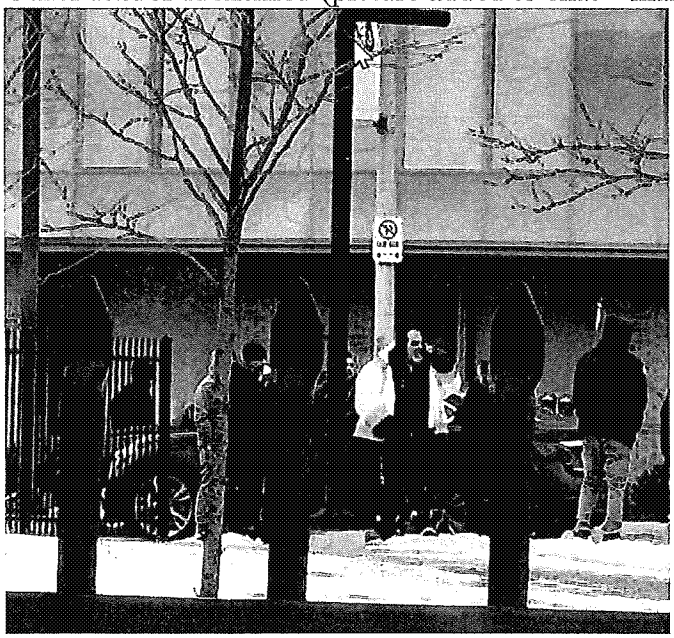
Sarnia:
OPP- Static surveillance on POI [redacted] - identified as a protester from yesterday that was adamant about blocking the bridge

Sarnia update @ 1200 hours:
No change at the Twincreek landfill site.
No change at the blockade on westbound 402 between Nauvoo Road and Forest Road.
Minimal activity atvthe encampment at 6253 Egremont Line.
No protesters at Centennial Park and no gathering of protesters observed throughout the Sarnia area.
No disruptions at the Canadian side of the Bluewater Bridge and traffic flow remains normal.
Protester [redacted] is currently under physical surveillance.
Several large tractors with snow plows attached bearing Canadian flags and spray paint messages on the plows in support of the protest observed at a business near Exmouth Street and Indian Road in Sarnia. No other activity observed at this location and it is currently being monitored .

Windsor:
Wyandotte Street
Not opening up, vehicles backed up on Wyandotte
Holding ground and not opening anything up on Wyandotte just east of the bridge entrance. Transport trucks stuck at this location (Wyandotte Street at Sunset)
Approximately 30 people there
[redacted] – (picture added to chat of unknown male in tan coat pictured below)



Stand strong
No negotiations
PM to lift mandates
Getting more people tonight
Other leader identified (picture added to chat – male in high visibility vest)



Unknown male in yellow coat previously observed driving JSC Construction Truck [redacted] on 09 FEB 2022
Appears to be organizing people and doing logistics

Sarnia:
FYI, a Zello user "Maximus4u" is advising others to use a paint/oil mix to disable Police vehicles.

A group named M25 Freedom Convoy (US side)
Is planning for a convoy rally on Saturday February 12th.
They will begin in Post Austin making seven stops along the way should others want to join.
The convoy will end in Port Huron with an exact location to be announced. Although it should be noted one of the suspected organizers has included a map of 1318 Mansfield street, which is a few hundred meters from the Blue Water Bridge.
At this point it is unknown how many people are interested in attending as well the vehicle versus tractor trailer count

Windsor:
FYI, a Zello user "Maximus4u" is advising others to use a paint/oil mix to disable Police vehicles.

Ambassador Bridge- A counter protest has been posted on Facebook scheduled for Saturday February 12th at noon.
Event organizer, Jorl Holosko posted that he created the event to gauge the interest for holding a counter protest across the road from the college and "let these clowns know that we've had enough". He stresses however, that he would like the protest to be peaceful and not to bring anything that can be thrown.
As of the capture time, there are 78 people 'interested' and 23 'going'.

-What is your Commander Intent? What do you want us to do?
-Timeline- when do you want to execute the plan? This needs to be reasonable.
-End State-what is a reasonable end state. What do you want the area of operation to look like when execution is done?
-How long and what resources will we have to sustain, post execution. That is a huge part of the plan.
-Media Strategy. If this group has hijacked the initial intent of the group, can we exploit that in the media before we go in? Get the public on our side?
-You l'll be asked to authorize gas use for mass crowd dispersal.

Just things to think about, as I'm sure you are already doing.

Hi there. I hope you are doing well. In the next half hr Charlene should be on site with you. After you two meet and determine your needs, short term and longer term she will contact me and we will ensure you have what you need on your end.

Regarding the bridge, it is my understanding that the 401 WB signage stills speaks to "expect delays at the border" language. Is this something that you wish changed to reflect border closed?
The only issue will be all US bound vehicles we adjust and traffic at Bluewater will increase. Just looking for your considerations, as MTO asked.

Thank you

Observations:

Sarnia:
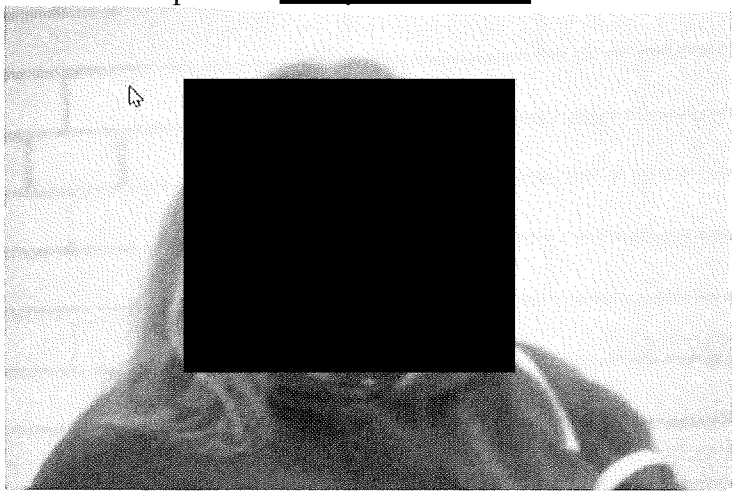
My apologies for the lateness as we were in the middle softball spinning.
No change at Twincreek landfill site.
No change at blockade of westbound 402 at Nauvoo Road and at encampment.
Traffic is slightly congested on westbound 402 approaching the Bluewater Bridge but it's due to volume of traffic and not protesters.
No protester groups observed in area of bridge or any other location in Sarnia area.
[redacted], Sarnia had been confirmed as an attendee at the protest gathering in Centennial Park yesterday .

Physical surveillance continues on [redacted].
Surveillance photo of [redacted]



No change at Twincreek landfill site.
No change at the blockade on westbound 402 at Nauvoo Road. There appears to be some activity at the encampment at 6253 Egremont Road. The distance from the roadway makes it difficult to get a head count of people and photos.

No indication of protester gathering in and around Sarnia.
No blockade at the Bluewater bridge. Westbound traffic on 402 approaching the bridge has slowed down due to volume of traffic typical of a Thursday afternoon and exacerbated by the diversion of truck traffic from Windsor.

Windsor:

[redacted]

Suspected of driving to check points as a distraction – Will approach check point cause a rouse to see how many police respond to deal with situation (officers observed this last night) and also attempts today.

Ambassador Bridge 1600hr Update
Wyandotte Street:
15 vehicles, 30 max persons
20-30 people (including 1 family with young child in stroller)
Shelter added at location
Person observed filling vehicle with gas using jerry can at Wyandotte Street entrance to the bridge
Camo pickup attempted to gain access – WPS blocked vehicle [redacted] towing a black enclosed trailer [redacted] attended Wyandotte and Sunset (vehicle previously observed without trailer delivering gas – 09 FEB 2022)

SENSITIVE: 1 officer has successfully infiltrated the crowd at this location. Overheard that the group is planning to 'take over a roundabout'. Unknown location [redacted] is approaching checkpoints as a 'distraction '.

College:
Additional people have attended
Anywhere from 15-20 kids under high school aged for the most part
Appears to be two groups separated (Mexican Mennonites and all other people)
Both groups have supplies including lots of food

There has been some confusion today in regards to West region's front line officer needs through the provincial deployment program. In order to try and stream line this I would ask that all requests for personnel from Dana's team and Paul's are sent to Frankie so that a unified request can flow to the EOC from one single source in WR.

From what I have been briefed on thus far Paul, who is overseeing the Hwy 402 blockade and the Bluewater Bridge area he will require an additional **70** uniform officers over and above the uniform members that WR has provided. That will be **35** working days and **35** working nights.

Dana who is overseeing the incident in Windsor requires 100 front line members on days and 100 on nights. WR currently has 18 covering tonight and 16 covering tomorrow. Recent intel from Deputy Harkins in regards to other potential traffic blockades such as the Windsor/Detroit tunnel etc. has increased the urgency to get additional officers to Windsor as soon as possible. **The deployment of officers to Windsor is our highest priority at this time.**

Information on the address of the staging areas and locations of accommodations will be sent up through to the EOC for dissemination to officers being deployed.

All,
Please be advised this intelligence is flowing from partners, officers observations, and uncorroborated open source. This email thread is designed to provide you a situational awareness as quickly as possible. If you already have this information I apologize ahead of time as it is a compilation of all partners intelligence as we receive it.

Observations:

Sarnia:
Sarnia update @ 1800 hours:
No change at the landfill site and at the blockade at Nauvoo Road.
No indication of any protester gatherings in the Sarnia area.
Traffic on westbound 402 approaching the bridge is slow due to higher than normal volume of traffic.
Of note and SENSITIVE: 3 officers successfully infiltrated a group of 20 protesters yesterday.
Conversations overheard would indicate that there is no real leadership and also difference of opinions on how to proceed with a protest. Some wanted to block the bridge while other wanted a rolling block. It appears also there is some in fighting occurring within the Sarnia group.

Hello Chris and Dwight,

We are still crunching numbers and I spoke to Chris and Commissioner about possibly cancelling time off (not vacation) which may be something we have to do for next week – giving some notice.

Commissioner asked if there has been given consideration to discretionary time in WR (since they are closest to Windsor and need 100 for days tomorrow /then 100 nights) . It may not be many but even 10 on floater or other discretionary may help us.

Dwight, he also asked if there is a possibility for you to decrease your detachment strength for tomorrow day shift (going to your low target numbers) and put those people in Windsor until others arrive – as they will be rolling tonight and tomorrow I am sure. He is okay with stacking calls in order to get more into Windsor vs. having them in detachment.

For your consideration and information back to Stephanie and Chuck.

Thanks very much,
Rose

Good Day Dana

Thanks for taking my call earlier. I have been asked to place an RCMP Criminal Intelligence resource into the Windsor CP to satisfy briefing requirements for my counterparts at our National HQ and vby extension the Government of Canada as it relates to the evolving Ambassador Bridge protest.

As discussed, I believe it would be satisfactory to receive and distribute the sit reps you are preparing for your OPP Command. As a fellow CIC, I can appreciate the importance of consistent briefing and operational security around tactical planning.

My two members who will rotate into the CP will be Cpl. Doug Bissett and Cst Sadie Lively. Both are RCMP members in Windsor and have significant knowledge of the Windsor AOR.

I have copied S/Sgt Steve Ferguson who is one of my Adivosry NCOs coordinating our resources. Also copied is Supt Jonathan KO, our CIC who will be providing support to our ERT/TRU who are providing over watch to our public order team under the guidance of Insp. Freeman Sweazey who is also copied.

Please confirm your CP is set at the Tilson Armouries and where Doug or Sadie should report to.

Thanks

See email I sent to Deputies.
I believe Frankie said you are tasking someone to line up more resources tomorrow for Windsor. Keep in mind Lynn had 16 slated to go to Ottawa but diverted them to Windsor. She will know if they can start tomorrow. Just didn't want to assign 20 on top of the 16 if they are starting tomorrow.
Hope this makes sense. Been a long day

The current request in Windsor is 20 Frontline members tomorrow on dayshift and 40 night shift. I am confident WR will be able to meet that requirement with the support of the NER crew that should arrive tonight.
Following tomorrow is the ask for 100 each shift which we clearly can't achieve.
Should have a better idea in the morning on numbers but we will ensure it is covered

Hello Chris and Dwight,

We are still crunching numbers and I spoke to Chris and Commissioner about possibly cancelling time off (not vacation) which may be something we have to do for next week – giving some notice.

Commissioner asked if there has been given consideration to discretionary time in WR (since they are closest to Windsor and need 100 for days tomorrow /then 100 nights) . It may not be many but even 10 on floater or other discretionary may help us.

Dwight, he also asked if there is a possibility for you to decrease your detachment strength for tomorrow day shift (going to your low target numbers) and put those people in Windsor until others arrive – as they will be rolling tonight and tomorrow I am sure. He is okay with stacking calls in order to get more into Windsor vs. having them in detachment.

For your consideration and information back to Stephanie and Chuck.

Thanks very much,
Rose

Message to Demonstrators from Windsor Police Service

The Windsor Police Service wants to make demonstrators clearly aware that it is a criminal offence to obstruct, interrupt or interfere with the lawful use, enjoyment, or operation of property. The offence itself is known as mischief to property.

The unlawful act of blocking streets at and near the Ambassador Bridge is resulting in people being denied the lawful use, enjoyment and operation of their property and causing businesses to close down.

We are providing notice that anyone blocking streets or assisting others in the blocking of streets may be committing a criminal offence and must immediately cease further unlawful activity or you may face charges. You could be arrested if you are a party to the offence or assisting others in the direct or indirect commission in this offence.

Vehicles or other property related to an offence may be seized. Once a vehicle is seized, it may be detained and, following a conviction, possibly forfeited.

Charges and/or convictions related to the unlawful activity associated with the demonstration may lead to denial in crossing the USA border.

Hello Deputy Harkins and Deputy DiMarco,

I apologize for the late email.
I just finished my calls in regards to making arrangements for the detail and attempting to sort out the situation in Windsor.

Here is a summary for your review and to share with the Commissioner:

- 200-250 people in attendance
- 150-200 vehicles, majority are passenger cars and pickup trucks, only 5 tractor trailers are present
- Protestors have an area approximately 3-4km in length on Huron Church (from Wyandott to Tecumseh)
- They occupy 2 out of the 3 southbound lanes, the third is being left open for emergency vehicles
- 1 male party was arrested this evening for dangerous drive after he jumped the median from the n/b lanes in an attempt to join the protestors
- Crowd became very agitated after the arrest and expanded the area they were occupying
- Some have threatened that they will travel to Windsor Police Headquarters and block entry/exit to HQ
- Crowd is very unorganized and disjointed, extremely hard to negotiate with
- All vehicles have been removed from the bridge. Entry into Canada remains blocked, entry into the US is open.

S/Sgt Smith will be at the CP tonight and providing me sit reps. I will travel with my scribe tomorrow morning to the CP and remain in Windsor.
S/Sgt Gauvin will be confirming POU numbers for me by tomorrow morning. I am still looking for a POU Commander. WRPS will be sending a POU section tomorrow as well as Hamilton PD and will arrive in the afternoon. I have been advised by both WRPD and Hamilton that their services are required in Toronto Saturday morning so they will be leaving Windsor by Friday afternoon.

Please let me know if you have any questions or concerns.

The Commissioner has to brief the Secretary of Cabinet tomorrow morning at 730 and will brief on Windsor, Sarnia, Niagara, Ottawa and Fort Frances. Just looking for high level status of Windsor.
Also can you confirm as I thought I heard on our call that they have all the trucks off the bridge? Or are there still trucks on the bridge?

Thanks
